## Caldor Man Killed

Railroad Conductor Is Crushed Under Rolling Log

C. J. Halke, 53, for more than a year past, conductor on the California Door Company train between Diamond Springs and Camp Webster, was killed Thursday morning in an accident at the logging camp.

According to brief advices received shortly after noon, Mr. Halke was hit by a rolling log during loading operations.

He was a native of Germany and came to America in early life and prior to coming to this county in March of 1936 had been employed at Standard City.

He is survived by his wife, who was at the logging camp, and by one daughter, living at Fresno.

## 70th Birthday Is Feted

Retired Teacher Is Hostess At Home On June 9th

The ladies of the Kelsey Neighborly Circle met at the home of Miss Margaret Kelley on June 9th and celebrated with her the passing of her 70th birthday anniversary.

A very interesting program was presented by Miss Kelley, opening with a fashion show called "The Passing Parade." Gowns used in the revue were all gowns which had been worn by Miss Kelley during her brilliant career. The first one shown was worn by Miss Kelley at a grand ball at the Chalmers hotel in Coloma in 1889 and was displayed by Mrs. Nellie Kelley of Bear Creek.

Another gown was a still lovely black taffeta which had been worn by Miss Kelley when she attended the Portland World's Fair and thence east to Boston in the early '90s. This gown was displayed by Miss Ester Clementsen.

Other gowns of various periods up to 1925 were displayed by Mrs. Meta Jennings, Miss Helen Bennett, Mrs. Elizabeth Tolson and Mrs. Sarah Williams Jones of Oakland.

Following "The Passing Parade" was a scripture reading by Mrs. F. V. Kinzie, who read from a Bible which had been the property of Miss Kelley's mother, and was brought by her from Massachusetts.

Miss Helen Bennett read Henry Van Dyke's, "A Tribute to an Unknown Teacher" and "A Prayer," by Max Ehrmann, was read by Miss Kelley. She said she had always admired the lines and chose to call this her birthday prayer.

A brief synopsis of Miss Kelley's teaching career was given by Mrs. Maybelle Timm, who reported that Miss Kelley began her work as a teacher in March of 1884, at the age of 16 years. Her first retirement was in 1919 and she retired permanently in 1934.

Ten of her first pupils are still living and some of her former pupils who were present at the birthday party are Mrs. Sarah Williams Jones of Oakland, who was spending a few days with Miss Kelley; Mrs. Elizabeth McGregor Tolson, Ester Clementsen, Helen Bennett and Mrs. Nellie Kelley.

An outline of Miss Kelley's activities as the founder of the Marshall Museum at Kelsey was given by Mrs. F. Kinzie.

Refreshments were served and Miss Kelley showed many of her valuable old collections to all present.

In addition to those named, there were present Mrs. Hattie Bennett, Mrs. Eleonore Sturtevant, Mrs. Etta Simmons, Mrs. Clementsen, Mrs. Burkett and Mrs. Holt. A birthday gift of a beautiful leather handbag was presented to Miss Kelley by the ladies.

Mrs. Hannah Kane was a visitor from Coloma on Wednesday.

Mr. and Mrs. John Kraul were in town from the Georgetown vicinity on Thursday.

Adolph Martin has returned to duties with the P. G. & E. following an absence of several days owing to illness.

## \$5,000 FIRE ON SUNDAY

Alder Creek Camp Of Power Firm Is Destroyed

Damage estimated at \$5,000 was done by a fire early Sunday morning at Camp One of the Pacific Gas & Electric Company on the American River ditch at Alder Creek.

Origin of the fire, which destroyed the cookhouse and bunkhouse, the oil house, wood shed and shop, is not known.

James R. Johnson, district superintendent for the company, reports the camp had been closed for about a month. It is a camp maintained during the winter months at the intake portal of the Alder Creek siphon.

Mr. Johnson reports there were no inharmonious incidents during the winter and that no reason for incandiarism is apparent. There is nothing on which to base a suspicion of incandiarism.

"The first indication the watchman had that anything was wrong was when the boiler in the cook house exploded," he declared.

"That seemed to be where the fire started, although it appears that the fire started from some cause other than any connected with the boiler."

The blaze broke out about 4:30 o'clock in the morning. Forest service fire crews were on the job promptly and the blaze was confined to the company property mentioned. Several embers which spread to other locations in the vicinity were followed down and extinguished without danger to summer homes property.

Mr. Johnson said the camp will be built during the summer in preparation for the coming winter season.

## TEACHERS WED AT BAY CITY TUESDAY

Miss Eunice McDaniel and Walter E. Dodds, of the county high school faculty, were married Tuesday noon in Grace Cathedral, at San Francisco, in the presence of relatives and friends.

Both are high school faculty members although Mrs. Dodds has resigned her post and does not plan to teach the coming year.

The happy couple will spend the summer at Los Angeles, where Mr. Dodds will attend summer sessions, returning to Placerville in the late summer to make their home at 146 Canal Street.

Among Placerville friends who attended the service was Miss Maxine Baer.

We offer our good wishes and congratulations to the happy pair.

## "Bonus" Points Drop Monday

First Period In Campaign Closes At Nine O'Clock

Monday night at nine o'clock the First Period of The Democrat and The Republican Bonus Check Campaign comes to a close and all workers should make a sincere effort to pile up leading points during the next few hours that remain to secure the maximum number of points that prevail during this important part of the campaign. After Monday, points will never again be so large for each new or renewal subscription.

### Public Participating

It is with genuine satisfaction that this newspaper commends the excellent degree of support given the various workers engaged in the Bonus Check campaign by the residents of this vicinity. It is the aim of this newspaper staff to make the paper indispensable to its readers and to make it so attractive and interesting that everyone in this area will enjoy its many features and the home town news it brings. We suggest if you have not yet subscribed or renewed your present subscription, that you do so at once, aiding your favorite worker toward earning one of the big Bonus Checks.

### Workers Report Saturday

It is necessary that all campaign workers report to the office by a 7 o'clock Saturday night, for special instructions and information regarding the First Period close, on Monday, June 21st. After Monday night it will be harder to gain the same number of points toward earning the Bonus Checks, due to the reduced schedule of points which goes into effect during the Second Period, beginning June 22nd.

### Points Score

The new points score published today shows many changes although nearly all workers are grouped for position. Only a matter of a very few subscriptions stand between most of the workers. Any worker, with additional effort, can step up in position with little trouble. No one has a lead which may be relied upon to carry her through safely. This is the time to pile up leading points!

## 11 Graduate At Diamond Sp'gs.

Closing Exercises Held Wednesday At Landis Hall.

The Diamond Springs school held closing exercises on Wednesday evening at Landis Hall, Diamond Springs, and presented certificates of graduation to eleven pupils.

The program marked the completion of an eventful school year of 152 days in which classes were closed some three weeks ago owing to an epidemic illness among the pupils which was attributed to fouling of the water in the school well.

Special dispensation has been granted the school in the emergency and credit for the year will be received.

The eleven graduates are Mary Edna Henderson, Mary Ann Bryan, Norma Thompson, Gracie Smith, Lucille Oetken, Bill Green, Harry Williams, Clinton Bryan, Donald Way, Vincent Beatty and Pat Stinzel.

Exercises opened with the invocation by the Rev. Harold Morehouse, following which the class sang, "My California." The salutatory was given by Norma Thompson.

Delbert Fisher played a violin solo, following which Vincent Beatty spoke of the class flower and Mary Ann Bryan gave the class will. The Johnson trio then favored with "Sailing Along to Hawaii" and "When My Dream Boat Comes Home."

The graduation speaker was the Rev. John Dunlop, whose remarks were at this time and were followed by the class song, "Look For the Silver Lining."

Mary Edna Henderson gave the valedictory and the certificates of graduation were presented by school Superintendent E. J. Fitzgerald. Flowers were presented the graduates and honored guests by the lower grades and the exercises closed with the benediction by the Rev. Morehouse.

## CLARKSVILLE'S MYSTERY MAY BE SOLVED

SACRAMENTO — The "tattooed woman," found slain in a dry creek near Clarksville in El Dorado County last April 16, may yet be identified.

The state department of criminal identification yesterday revealed three inquiries regarding the woman had been received during the last 30 days.

None of these recent tips, nor the scores of others received earlier, have borne fruit. However, the state bureau followed each one to its "dead end" and will follow all others in hopes of identifying the murder victim.

The body of the woman, stripped of all clothing, was found by a motorist near the main highway to Clarksville. The only clue to identification was a heart and dagger tattooed on the woman's hip.

Mr. and Mrs. Tom Arundel were here Sunday visiting the former's nephew and family, Mr. and Mrs. Bart Arundel, and other old-time friends.

## 200 To Attend Annual Camp

Farm Centers And 4-H Clubs Await Week-end Outing

Preparations are complete for the second annual over-night camp of El Dorado County 4-H Clubs and the Farm Bureau, to be held this week-end at the county campground at Lake Tahoe.

Advance registrations indicate an attendance of about 200.

Woodbridge Metcalf, extension forester, and Frank Spurrier, assistant state club leader, will attend the meeting to assist in the program.

The camp is scheduled to open at 3 o'clock Saturday afternoon and those who attend will provide their own transportation. Two trucks, carrying luggage, will leave the P. F. G. A. shed at 12:30 Saturday for the camp.

Swimming and games are on the program for Saturday afternoon following establishment of the camp with supper at 5:30 o'clock. The Farm Bureau will supplement this meal with a hot stew and coffee.

The campfire program, which last year was a feature of the week-end, will begin at 7:30 o'clock and each center and 4-H Club will be expected to contribute a stunt to the program. Mr. Metcalf will lead in camp singing.

Sunday morning reveille will be at 6 o'clock with breakfast at 7 o'clock and a trip to Angora Lookout of the forest service, where Clay Hansen is on duty, will begin at 8:30 o'clock. The lookout is on the moraine separating Fallen Leaf Lake from Lake Valley and is well worth the trip if anyone has never visited the site.

The return to camp will be about 11 o'clock, with games or a swim scheduled during the hour until noon. The camp will disband following luncheon.

## Steel Mediators Are Named

Labor Secretary Appoints 3 To Seek Strike Peace

By CYRUS L. SULZBERGER  
United Press Staff Correspondent  
WASHINGTON (U) — Secretary of Labor Frances Perkins today named a three-man board to seek to mediate the seven-state steel strike.

Miss Perkins named Charles P. Taft of Cincinnati, O., as chairman of the board.

Other members are Lloyd K. Garrison, former chairman of the National Labor Relations Board, and Assistant Secretary of Labor Edward F. McGrady.

Miss Perkins said she acted with the "consent, approval and recommendation" of President Roosevelt.

She said the board would begin its work immediately.

It will make its headquarters at Cleveland, Ohio.

Miss Perkins' action, taken after more than an hour's conference with President Roosevelt, followed a telegraphic appeal by Governor Martin L. Davey of Ohio, that the President intervene in an effort to avert widespread violence.

Taft and Garrison, now at Madison, Wisconsin, where he is dean of the University of Wisconsin law school, are expected to confer promptly upon the increasingly serious situation.

McGrady will return to this country from Geneva, Switzerland, tomorrow afternoon, but Miss Perkins said the other two members would hold a preliminary meeting.

## Bartletts Play At Home Sunday

Manager Aubrey Warren, of the Bartletts, said Thursday morning that the Bartletts will play on their home field Sunday afternoon.

In the regular league schedule, the Barts are to meet Wheatland. Warren understands that Wheatland is dropping out of the league and that a Sacramento club is taking Wheatland's place.

Although the name of the new club is not known, Warren states that "we'll play Sunday at Bennett Park with the club that is taking Wheatland's place in the league."

## Buick Sales In May Increase

June Business Is Expected To Set New Yearly Peak

FLINT, Mich.—Domestic retail deliveries of Buick motor cars during May totaled 22,453 cars, comparing with 23,397 in the previous month and 17,513 in the corresponding period a year ago, according to W. F. Hufstader, general sales manager. This was a decline of approximately 850 cars or three per cent from the previous month and a gain of 5,030 or 28.7 per cent over May of last year.

Mr. Hufstader said that Buick's May volume was controlled by the ability of the factory to make delivery, the factory entering June with 28,500 unfilled orders, the largest bank of business for this month in many years.

He said he expected June would show an increase in deliveries over both April and May, with the prob-

ability that this month would establish the year's peak.

## PARADE OF SPORTS

By HENRY McLEMORE  
(United Press Staff Writer)

CHICAGO (UP)—Joe Gould, manager of James J. Braddock, today announced that nothing—not even a broken neck—would prevent his man doing battle with Joe Louis in Comiskey Park next Tuesday night.

Gould's statement, given exclusively to 354 boxing writers, followed hard on the heels of an announcement by Promoter Mike Jacobs that the seat sale for the heavyweight championship fight had passed the \$500,000 mark.

Shrewd boxing critics—men in the know—are of the opinion that Gould's bold declaration was motivated by the bundle of cash already on hand. They believe that Gould, who will get 50 per cent of the gate, undoubtedly was influenced by the thought of getting his hands—his stubby, plump hands which are so reminiscent of those of a concert pianist—on 300,000 dollars.

This belief was strengthened when Gould, in amplifying his statement, said:

"There's morn'n five hundred grand in the hamper already. I know, because I counted every slug of it. You can tell the world nothing will stop us from showing up and fighting. If Jimmy breaks a neck between now and fight time, I'll roll him in there in a wheel chair. If he busts a leg he'll come on crutches. If he busts an arm we won't tell nobody."

(At this point the king's proctor made a plea on behalf of the king's English, but Gould, with cold mercilessness, continued the assault.)

"You oughta go upstairs and see the dough pile in. Ain't never been nothing like it before."

(At this point the king's English, with a final convulsive shudder, rolled over and died.)

Gould has been very close to the cash register ever since the first ticket was sold. He has a cot in the box office and spends his nights there. The only time he is absent during the day is when he makes flying trips to the training camp to anoint the Braddock man with oil after workouts and tell him that Louis is a bum, a big bum, and couldn't lick his grandmother even if given the first punch.

Gould is very suspicious of the dollars that customers shove through the cage for tickets. He gives every bill a "candling" that would frighten and hour-old egg. Half of those dollars are his, he figures, and he wants to run no risk of winding up with a phoney half-dollar. If the pictures on the bills do not suit his artist's eye he refuses them, and demands silver. And he gives the silver a very thorough going-over. First he bites the coin. Then he drops it on the floor. Then he bites it again. Yesterday his examination of a quarter was so severe that when he finished only the date remained, and he refused it on the ground that it was mutilated.

Gould and Braddock won't get an exact fifty per cent of the gate. That is, they won't keep it after they get it. Because during the two years since Jim won the championship they have put the "bite" on Promoter Jacobs for many thousands. So many thousands, in fact, that one observer made the observation that the fight next week was in the nature of a benefit for Promoter Jacobs.

## CHESTERFIELD SIGNS TWO NEW STARS

The Wednesday and Friday coast-to-coast radio programs sponsored by Chesterfield cigarettes will change stars for the summer weeks beginning June 30 and July 2, respectively. On the first date Frank Parker becomes the featured singer with Andre Kostelanetz's orchestra, while the Friday show which presents the dance tempos of Hal Kemp will move to Hollywood to be joined by Alice Faye, the popular star of Twentieth Century-Fox musicals.

Neither of Chesterfield's new singing stars needs an introduction to readers of these columns. Wherever radio sets are owned, Frank Parker's fine tenor voice has inspired much tuning in. The handsome young tenor has been featured on the stage and screen as well, but his widest popularity has been achieved in the field of radio. On the Chesterfield Wednesday programs, Parker will present the outstanding songs from the better musical shows as well as the very best in the popular class. With the brilliant musical settings of Andre Kostelanetz this should be one of the summer's finest musical shows, so make a note of the time—Wednesday at 9 p. m., New York time on your Columbia Network station.

Coming to Chesterfield's summer plans for Friday evenings, Alice Faye brings an artistry in popular singing that will match the famous Kemp Tempo to perfection. Miss Faye's ability to entertain huge audiences was recognized when she was given the leading part in Hollywood's production of George White's Scandals. Since then Alice Faye's name has headed the cast of some of the best liked musicals ever made for the screen. Her recent successes are "On the Avenue" with the songs of Irving Berlin, and "Wake Up and Live," in which Miss Faye was also cast in the feminine lead. Her Chesterfield radio show with Hal Kemp's Band will be a new weekly coast-to-coast feature and there is no doubt in anyone's mind that Friday evenings at 7:30 p. m. your nearest Columbia station will bring the finest in dance music and popular songs.

All those attending are asked to bring cake or sandwiches. The chairman of the Home Economics Club announced that she has the quilt ready to be put together. The proceeds from the sale will be used by the Home Economics Club for the good of the Grange.

The lecture hour was very much enjoyed. Games were played and all joined in a peanut feast. We had with us our past master, George Schlein, who now resides in Stockton. Refreshments were served and all went home feeling the evening was well spent. Grangers always welcome.

DAISY ROLFE, Lecturer.

## COOL NOTES

A meeting of Farm Bureau and 4-H Club folks was held on Monday evening at Cool, to discuss and arrange for the over-night camp to be held at Lake Tahoe. Several pickup trucks will leave Cool during Saturday morning, arriving at the camp around noon.

The Cool, Georgetown, Placerville highway has been renovated by the highway department in anticipation of the summer travel to that section of El Dorado National Forest.

Tuesday night rain wrote fairs to the cherry crop in the Cool section. Many Lambert cherries were split open the next morning following the rain, making them unfit for shipping, but still eligible for canning.

WHO WEARS THE PANTS HERE?—That isn't a difficult question to answer. The meek old Hollander at right not only wears a voluminous nether garment that looks like a skirt, but he's letting mamma cast the vote for the family. The scene is in Volendam, The Netherlands, when the picturesque inhabitants took part in elections for the second chamber in Holland.

## 36 Billions U. S. Debt June 15

WASHINGTON (UP)—The national debt rose to \$36,633,907,802 on June 15, the daily treasury statement revealed today.

It represented an over-night jump of

\$1,352,033,000, resulting from the \$800,000,000 June financing just completed and the setting up of \$502,000,000 of special government obligations to the credit of the government life insurance fund. The debt, however, be reduced within the next few days when the Treasury begins redeeming a \$300,000,000 issue of maturing short term bills.

A soil survey is to be made of Kings County, the last one was taken in 1916.

A new \$50,000 cotton gin will be built near Fresno, by the Producers Cotton Oil Company.

## KIDNAP CONTACT ON YACHT IS RUMORED

STONY BROOK, N. Y. (UP)—Arrangements for a meeting between the purported kidnapers of Mrs. Alice McDonnell Parsons and the brother of the missing society woman were reported today.

Captain Louis Hudson, skipper of a boat at the Port Jefferson dock, said he saw a strange white yacht drop anchor outside the harbor last night and flash a light toward which a speedboat went from a darkened wharf.

Federal laboratories in Washington reported to Bureau of Investigation agents here the discovery of fingerprints "of a delicate nature and probably made by a woman" on the ransom note found in the Parsons automobile several hours after Mrs. Parsons disappeared.

## Senate Approves Mine Moratorium

The mining assessment moratorium may be extended, although there was no assurance of this up to Thursday noon.

The latest information up to that hour was that the Senate had approved the moratorium bill on Monday and had sent it to the House of Representatives for action there.

The bill, when passed and signed, will suspend for another year the requirement that small operators of mining claims put \$100 worth of labor or materials a year on their property.

Reports of some opposition to extension of the moratorium have been heard and it is suggested that the information above should be taken for what it says and not as a promise of extension of the moratorium.

## PENSION BILL SIGNED BY MERRIAM

SACRAMENTO (UP)—California officialdom eyed state borders apprehensively today, fearful that the "most favorable old age pension and blind laws of any state in the Union" may attract new hordes of infirm and afflicted to an area already staggering under its relief load.

Governor Frank F. Merriam signed the liberalized pension and blind aid bills, left for his decision by the legislature, at a ceremony late yesterday.

The pension law continues \$35 monthly payments and keeps the age requirement at 65 years, but offers broad liberalities in other respects. The blind bill makes mandatory \$50 monthly payments to five-year blind residents, and offers other concessions similar to the pension bill. Blind aid formerly averaged \$32 monthly, Hornblower said.

Both bills become effective August 27.

## PRESIDENT OF SOVIET ENDS OWN LIFE

MOSCOW (UP)—A merciless campaign for extermination of "traitors" spread through vast Soviet Russia from the Baltic and Black Seas to the Pacific today.

Hundreds of men were involved already. Newspapers, which denounced long lists of men as wreckers, spies, traitors, Trotskyists, scoundrels, bandits, Rightists, Nationalists and enemies of the people ended their blasts with the significant "and others."

It was announced that A. G. Chervakov, president of the White Russia Republic, had committed suicide "for personal and family reasons."

But coincidentally it was revealed that the Communist party executive for White Russia had sent him a note asking him why he permitted "traitors" to sidetrack plans for two important military inventions.
